MORGAN EVANS

UX DESIGNER & FRONT END DEVELOPER

Lover of all things design, technology and people, who's found a calling integrating these as a professional. Aiming to create aesthetically pleasing and unparalleled user experiences for digital products and software—from start to finish.

EXPERIENCE

ADOBE

Experience Designer
Developer, Lead
Oct 2016 - Present

Lead Experience Designer Developer for a new web and mobile application. Relevant technical skills include HTML, CSS, Elm, Swift, user research and rapid prototyping. As well as meeting with executives, leading team meetings, and hiring and training new employees.

NORDSTROM

UX Design Intern
June - August 2016

Collaborate with UX Designers and Developers to help redesign the Nordstrom internal POS system, as well as the left navigation for the N.com site modernization project. This required rapid prototyping and peer reviews with developers to assist with design integration.

LEARN TOGETHER

UX Designer &
Front End Developer
Nov 2015 - April 2016

Lead the UX process to provide the Learn Together web application with a usable and consistent UI. Including building workflow diagrams and wireframes, rapid prototyping, and front end development involving HTML, CSS, AngularJS and Bootstrap.

PROJECTS

- Designed and fully developed a website for All Trades Mechanical Inc. to drive customer engagement
- Front end designer in building a FiveThirtyEight TV, desktop and mobile display for Tagboard
- Created a responsive and interactive "scrollytelling" website using HTML, CSS, JavaScript and D3
- Prototyped a new Amazon service with a Senior UX Manager

EDUCATION

UNIVERSITY OF WASHINGTON

B.S. Informatics (HCI)
2011 - 2016
